Dear Bakery

We would like to introduce ourselves to you. We provide Point of Sale systems for a wide range of retail outlets.

Our Myepos System works with a simple to operate Touch Screen Terminal providing rapid and accurate sales information and sales trends.

Simple on-screen menus show all products, daily automatic promotions, discounts for students and regular customers. Live connection to Worldpay or Payment Sense for fast contactless card payments.

This application now incorporates "Emailing" of invoices, statements and copy invoices, providing a more efficient way of sending customers accounts information. Your customers will receive a PDF formatted document showing the balance and if requested any copy invoices.

If you would like a demonstration of our systems, we would be happy to arrange this at a time that's best for you.

[www.dslsystems.net](http://www.dslsystems.net)

All the equipment we supply is fully guaranteed and covered by our own Technicians. Support is provided by our friendly, experienced staff.

If you have any queries, or require any further information or advice, please do not hesitate to contact us.

Assuring you of our very best attention.

Yours sincerely  
**DATAWEIGH SYSTEMS LIMITED**
